SELECTMEN'S REPORT 1982

The Board of Selectmen submit the following report.

The Town closed out 1982 in good financial shape. The exact figures are not available at the time this report is being written as they are still being audited, but will be available by Town Meeting. Departments throughout the town, by and large, stayed within their budgetry restraints. Of significant note is the drop in property tax rate. This was a result of a reduction in the County and School assessments. The reduction in County assessment was directly related to the reassessment of the Town and a reduced equalized evaluation. The reduction in the school assessment was a result primarily of a reduced share of the student population.

Fitzwilliam is continuing to grow, not only in population, but in the total number of homes and separate parcels of property within the community. This growth results in an ever increasing strain on our administrative duties. To offset this the Board is investigating the feasibility of placing some of our record keeping requirements on a computer. We have inserted Article 29 in the Warrant to authorize us to contract for suitable services once we have determined which service would be in the best interest of the town.

The Board is asking the town for authority to institute semi-annual collection of property taxes starting in 1984. A number of individuals have approached us concerning this, indicating that they felt semi-annual billing would help spread out the tax load. From the Town's point of view, semi-annual billing would bring in tax revenues earlier in the tax year, and reduce the need to borrow.

Last year in our annual report, we indicated that we were considering a major TRA project in 1983. We are proposing to rebuild and resurface a section of the Jaffrey Road (see Article 7). We are recommending that the funds be raised to complete the entire project this year, with the payment spread over two years.

During 1982 we contracted to have the lower town hall painted. This year we have included funds in the town building account to paint additional areas within the building. It is very necessary that we continue these type projects every year in order to maintain our town hall in good contition. We are also investigating the need to re-roof the bell deck in the tower.

We have inserted a Special Article to raise $2,500 for repairs to the Town Hall. This money would be used to insulate the side walls on the first story. Several years ago we insulated between the floors and added storm windows. This has been a tremendous help in heating the building. We believe that this additional insulation will improve our heating efficiency even further.

We wish to thank the many people who have served our community this past year in various offices and on committes. Without their help, the orderly operation of town government would not be possible.

Resepctfully submitted,

BOARD OF SELECTMEN

Board of Selectmen
Town of Fitzwilliam
Village Green
Fitzwilliam, New Hampshire 03447

Dear Members of the Board:

We have examined the financial statements of the various funds and account groups except the expendable and non-expendable trust funds, of the Town of Fitzwilliam for the year ended December 31, 1982. As part of our examination, we reviewed and tested the Town's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purpose of such evaluation is to establish a basis for reliance thereon in determining the nature, timing and extent of other such auditing procedures that are necessary for expressing an opinion on the financial statements. Such study and evaluation disclosed the following which we believe to be a material weakness in internal accounting controls.

Fixed Asset Accounting

As in many New Hampshire communities Fitzwilliam does not maintain formal accounting records for its investment in fixed assets. Records are needed for control of the assets, as well as the insurance program and long-range planning. We offer the following program for your consideration.

* Adoption of a formal capitalization policy by the Board of Selectmen.
* Inventory existing fixed assets and maintain records of identified items at a central location under the control of the Selectmen.
* Establish fixed asset accounting records for all new acquisitions and a certain percentage of existing items annually.
* Establish a program for periodically verifying existence of items in the fixed asset accounting records or on the inventory.
* Adopt formal procedures to delete items from the record.

While we recognize that undertaking a program such as the one above represents a major investment of resources and that benefits should outweigh costs in any system of internal control, we believe that control of assets, particularly moveable equipment should receive a high priority from town officials.

Library Year End Procedure

We noted that library accounting records are held open well after year end and that checks were back dated to December. A clean cut off of bookkeeping activity is essential to any system of internal control. We recommend that the books be closed at year end on December 31.

Other

The objective of internal accounting control is to provide reasonable, but not absolute, assurance as to the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed the benefits derived and also recognizes that the evaluation of these factors necessarily requires estimates and judgement by management.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgement, carelessness or other personal factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented intentionally by management with respect either to the execution and recording of transactions or with respect to the estimates and judgements required in the preparation of financial statements. Further, projection of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions and that the degree of compliance with the procedures may deteriorate.

Our study and evaluation of the Town's system of internal accounting control for the year ended December 31, 1982, which was set forth in the first paragraph, would not necessarily disclose all weaknesses in the system.

While not material weaknesses in internal accounting controls, we offer the following recommendations to assist Town Officials.

Yield Tax Deposits

Yield tax deposits are recorded on the "Intent To Cut Form", and are not formally recorded in an accounting record until the yield tax is committed to the tax collector. We recommend that the Selectmen establish a journal exclusively for yield tax deposits which would be agreed to the balance in the yield tax escrow bank account. This procedure should simplify accounting for yield tax deposits.

New Federal Requirements for Governments

Effective for payments after December 31, 1982, any payments to unincorporated service providers engaged in a trade or business aggregating $600 or more are required to receive a Form 1099 information return with name, address, taxpayer identification number and total amount of renumeration. Penalties for failure to file are $50 per violation.

Tax Collector & Town Clerk Checking Accounts

Both the Tax Collector and Town Clerk maintain checking accounts in the same depository as the general fund. We believe that accounting procedures for these officials would be simplified if they remitted directly to the town account.

Cash Management

During 1982 the Town Treasurer invested temporarily idle funds at relatively high yield. We commend the Town for this business practice. We recommend that the Treasurer and Board of Selectmen jointly develop cash needs forcasts and undertake a systematic program of cash management in order to maximize potential income from this source.

A letter of this type is critical by its nature. We found many examples of sound business management practices during our examination. We wish to thank town officials for their consideration and assistance during our work.

Very truly yours,

CAREY, VACHON & CLUKAY

19. In General. Towns may take and hold in trust gifts, legacies and devises made to them for the establishment, maintenance and care of libraries, reading-rooms, schools and other educational facilities, parks, cemeteries and burial lots, the planting and care of shade and ornamental trees upon their highways and other public places, and for any other public purpose that is not foreign to their institution or incompatible with the objects of their organization

20. For Cemeteries. Towns shall take and hold in trust gifts, legacies and devices made to them for the care of cemeteries and burial lots when the terms of the gift, legacy or devise do not impose any liability upon the town beyond the amount of the gift, legacy or device and the income thereof

All such trusts shall be administered by a board of 3 trustees, unless a town at an annual or special town meeting votes that such trusts shall be administered by a board of 5 trustees In towns with a board of 3 trustees, one trustee shall be elected by a ballot at each annual town meeting for a term of 3 years. In towns with a board of 5 trustees the 2 additional trustees shall be appointed initially by the selectmen, one for one year and one for 2 years Thereafter all trustees shall be elected by ballot at the annual town meeting to replace those whose terms expire The term of each trustee shall be 3 years Vacancies shall be filled by the selectmen for the remainder of the term In cities said trustees shall be chosen and hold their office for such term as shall be provided for by city ordinance Trustees shall organize by electing one of their number bookkeeper, who shall keep the records and books for the trustees, and shall require a voucher before making any disbursement of funds from said trusts

I. The financial status of the trust account.
II A projection of future interest rates.
III. A projection of future labor costs necessary to maintain the lot

23. Single Trustee. A town wherein the total book value of trust funds is less than fifteen thousand dollars, acting under an appropriate article in the warrant for any annual town meeting, may vote that the board shall consist of one trustee only, in which case said trustee shall be chosen by ballot at the same and each succeeding annual town meeting, and such vote may be rescinded in like manner All the duties and obligations imposed by law upon a board of trustees shall devolve upon the trustee so chosen; vacancies shall be filled by the selectmen for the remainder of the year, and said trustee shall receive from the town treasury such compensation as the town meeting may determine and his actual expenses.

FIREWARDS REPORT

1982 CALLS

The Fitzwilliam Fire Department responded to 132 calls in 1982. After a relatively light fire damage year in 1981 we were hit with four structure fires including the Plastic Laminated Products factory fire in May to which 22 units responded. Aside from four structure fires there were five car accidents, five car fires, four smoke investigations, two grass and brush fires, 10 chimney fires, six responses for automatic fire alarms, five mutual aid calls, one lifeline call, and 90 rescue calls. As in the past, the 90 rescue calls were made to citizens of the town at no cost to the patient.

TRAINING

In 1982 six department members and one auxiliary member were recertified as emergency medical technicians. In addition, two members started their recertification for advanced Red Cross training. Several members of the department have started their training toward the New Hampshire Certified Firefighters Program. Six members completed this program in 1981. In addition to these formal courses, monthly drills are held to keep active department members up to date on equipment and preplans. The members of the department are to be commended for the great number of hours spent in these training efforts.

1983 WARRANT ARTICLES

There are several important warrant articles which will be considered by the town in 1983. The firewards encourage your support of these articles to improve our ability to serve you.

A. We are requesting $30,000 to replace the tanker. We have great need for a good over the road tanker which can respond promptly to support our first line pumpers. Our aim is to secure a high quality used chassis, a new pump, and a new tank. With volunteer labor from department members, we believe that we can accomplish this project for the amount being requested.

B. The firewards originally asked for a sum of money for the renovation of the Village fire station. The budget committee has chosen to propose a sum of $2,500 to be spent to study the uses of the Village fire station, including its present use as a police station. The firewards feel that this is a good first step.

C. There are also separate articles for two more Scott air packs, two mobile radios and a sum for protective clothing. We urge your support for this continuing updating of our safety and communications equipment.

1982 PROJECTS

During 1982 the pond behind the town hall was cleaned and a new hydrant was installed to replace the old one on the Winchendon Road. During the coming year we hope to install a dry hydrant in the pond at the foot of Depot Hill and arrange it so that apparatus can use the pond without interfering with traffic.

EQUIPMENT

Our two first line pumpers are in good to excellent condition. The status of the tanker was referred to above. Although the Village pumper/reel truck is in service, the body needs work, and the chassis will probably have to be replaced in the near future. The rescue truck and forestry truck are in good condition.

MEADOWOOD

The firewards wish to thank the Meadowood County Area Fire Department for its continued assistance and cooperation. We urge the citizens of the town to continue to support Meadowood.

Respectfully submitted,

Edwin O. Mattson, Jr. Chief

William N. Prigge, Assistant Chief

Winston A. Wright, Deputy Chief

FITZWILLIAM POLICE DEPARTMENT

ANNUAL REPORT 1982

We received approximately 1172 calls for service in 1982, down by several hundred from 1981.

155 of the 167 cases we investigated during the year were bonafide, while the remainder were unfounded or not criminal in nature. 90, or 58% were cleared by arrest or other means. One quarter of the cases were felonies; and of the more serious crimes - 11 were against the person (73% cleared), 34 were illegal entries (32% cleared), 37 were thefts (49% cleared), 26 were cases of vandalism (27% cleared), and 1 was arson that was not cleared.

We are taking a different approach this year in an effort to devote more attention to case investigation, which will make other matters subordinate to case work. Naturally, calls for service will be given immediate attention - but we want to become more successful at solving crimes, and consequently we'll be giving other matters a lower priority.

We worked approximately 8200 hours and traveled about 43,000 miles. During the year we made 2964 physical property inspections as part of our on-going Crime Prevention Program, stopped 407 traffic violators resulting in 162 instances involving enforcement action, and made 37 arrests for Driving While Intoxicated.

Fitzwilliam Police participated in and helped organize the county area intensified DWI enforcement program in conjunction with police agencies across the state. Since most fatal traffic accidents in town involve liquor, I'm certain that these efforts were a major contribution to the first year in many in which no one died in our community in a traffic accident. We covered 49 accidents; 42 were reportable (over $500 damage) and 14 involved injuries.

DWI is dumb, and getting dumber all the time. The legislature is entertaining even stricter laws, the testing equipment is improving in integrity (2 of our officers are being re-certified with the new equipment), and enforcement is being vigorously encouraged. Please don't drive after drinking.

15 juveniles and 83 adults were taken into custody for a variety of offenses. 22 of these were for felonies, several of which cleared cases from previous years. Less than half the arrests, 44%, were related to motor vehicle offenses.

At year's end the matter of alrm regulations is still incomplete. The hold-up, made apparent at the public hearing, deals with appropriate penalties for violations of the regulations. 73 alarms, all apparently false, were received.

Operation Identification, a program sponsored by the International Association of Chiefs of Police (IACP) is being heavily publicized in the area. I strongly support the program and urge your consideration. It provides a means of identifying marked property to all police agencies, eliminating the too common problem of not knowing who owns property that has been recovered. The only catch is that it is a self-supporting system, requiring a user's fee. Please pick up one of the brochures located at many places in town and see if it's for you - or call us for information.

For 1983 we've requested essentially the same budget as we've worked with the last 2 years. Most portions of our budget rely upon the same amount of money. We're doing our best to economize as much as possible. Animal Control is being treated by the Budget Committee this year as a separate account, under the supervision of the Police Department.

A warrant article requests purchase of a mobile radio for use in our primary police car. You may recall that this was an article last year too when it was decided to consider it this year instead as a means of saving money. The radio it is meant to replace has been obsolete for some time, and may break down completely if the right part fails. What the radio provides is vital and your support for the passage of the article is urged.

We're fortunate to have an excellent working relationship with area agencies as well as with our community. Our sincere thanks, hope for continued cooperation, and best wishes are extended to you.

Respectfully submitted,

Kurt F. Schimke
Chief of Police

LIBRARIAN'S REPORT 1982

Library circulation in 1982 totaled 8,447. We acquired 338 new books and discarded 202. This brings the total number of volumes to 12,602.

Gifts in memory of C.B. Allen purchased 8 books while those in memory of Dorothy O'Meara purchased 17 juvenile books.

Due to the generosity of the Friends of the Fitzwilliam Town Library a set of 1982 Encyclopaedia Britannica was purchased. This set of 30 volumes is a valuable reference tool for all our patrons. In addition, our 1978 World Book Encyclopaedias now go out on loan and we donated the old 1965 set to the Monadnock Regional High School.

The Friends were once again a strong force in our library. In addition to paying for much of the adult and juvenile fiction, they conducted the yearly book sale (the largest ever!), contributed a day of song and fun for the children during National Library Week, sponsored a tea and talk by Elizabeth Yates and aided the librarian with storytime and the re-organizing of the reference room.

Having sold the more valuable of the old books in the back room we are selectively discarding the rest. The room will eventually contain all our reference volumes as well as our materials on New Hampshire. A re-organization of the junior and reference rooms should be completed in the next year.

The State Library completed their revamping due to budget cuts. We received our first visit from the new van service, dropping off our pre-selected collection and picking up the former books. This service is scheduled to visit us every six months and though it is greatly abridged from the former bookmobile service, we welcome its return.

All of us associated with the library were saddened by the untimely loss of our most tireless volunteer and enthusiast, Dot O'Meara. She is greatly missed.

Volunteers who have been of great help to me this year are Paula Baldwin for storytime and substitution, Mary Thompson and Mary Schumann for book selection, Harriet Underwood in organizing the magazines and vertical file and Katie Rees and Judy Hancock for covering the books.

Susan Massin

T.E.A.S.I. REPORT 1982

To our Loyal Patrons:

1983 is here already and our ambulance is nearing its' eighth Anniversary. It seemed such a short time ago, that we as TEASI members, felt we had climbed all the hills and made it over all the hurdles, - and we did. But life has a way of repeating itself, and it is now time to do it over again.

With continual thanks to you, our supporters and to our financial administrator, we are very close to our goal of purchasing a new ambulance. As you will have noticed, we have a warrant in this years town meeting for the town to purchase a new ambulance for $40,000. This is a "swapping" of funds only, as the ambulance corporation will give the town back the $40,000 upon purchase. The town then owns the vehicle for housing and registration purposes, but is leased to the TEASI Corp. for a lifetime - therefore insuring you of having one of the best ambulance services in the area. And it is still "tax-dollar" FREE. We are very proud of this fact that even with the inflation of the past years, we are still a free service to you and we are fighting to stay that way.

Although purchasing a new ambulance is on the top of our list, we are still active in other areas - namely - keeping up with our education and relationship with the hospitals. We have added new members to our ranks and new up-dated equipment has been added to our present equipment. Our volunteer crew is still on call 24 hours a day, 7 days a week. All of this has been done with one thought in mind, you, our patient.

As President of TEASI, I would like to take this opportunity to thank all of you, for your contined support and faith in us. Also, a big thank you to the men at Mutual Aid, and a very special thank you to the members of TEASI, who are ever-faithful.

Remember - we are only a phone call away, please call us at 352-1100, and let us turn your emergency into a non-emergency.

MEADOWOOD FRIENDLY MEALS

The Meadowood Friendly Meals program serves a hot, noon-time dinner to senior citizens at the Meadowood Assembly Hall in Fitzwilliam. Anyone over the age of 60 is eligible to join us for a well-balanced meal, recreation and informational activities, blood pressure clinics, and so on. Meals-On-Wheels are also available from the site for elderly and handicapped shut-ins. Last year, 11,447 meals were served to senior citizens who came to the dining room; and 2,886 meals were delivered to homebound residents of Fitzwilliam. Recently, the Friendly Bus has been made available on Mondays for senior citizens who have no transportation to the meal site. The Friendly Bus will pick seniors up for the noon-time dinner, and return them to their homes afterward.

The Friendly Bus is also available on Wednesdays for a shopping trip to Keene. For further information or reservations for the Friendly Bus or Friendly Meals, please contact Ursula Holman, site manager, at 242-7986.

TOWN HISTORY COMMITTEE

At the annual Town Meeting of 1982 the Town voted to have the Selectmen appoint a committee to work on the up-dating of the 1887 Town History.

The committee hopes to continue the task of gathering information, photographs, etc. Several previous committees have worked on this project, and much information has been obtained.

The committee hopes that anyone who has information, letters, photographs, diaries or related items, or willing to work on this project, would contact us.

The Fitzwilliam District Nursing Association is a volunteer organization of Fitzwilliam townspeople interested in supporting nursing and health care in our community for residents of all ages, all income levels, all areas of town. With funds voted for at town meeting we contract for the following services:

PROFESSIONAL SERVICES are contracted from the Monadnock Community Visiting Nurse Association with an office on the Jaffrey-Peterborough town line. You may contact Norma Sands, R.N., the supervisor, at 532-8353 for information and help for any of the services listed.

VISITING NURSE: Marie Talbott, R.N., is the visiting nurse who makes most of the calls in Fitzwilliam. The nurse responds to every new call. She continues with the care of the case only in conjunction with the physician in attendance. The nurse can give medications, injections, treatments, change dressings and irrigate wounds - instruct family members to care for you in your home - offer guidance and support to you in the care of your baby - teach you to care for a mentally ill, retarded or handicapped family member - help you make financial arrangements to deal with your needs. There is a fee for her service based on ability to pay. Medicare, Medicaid, Blue Cross and other insurances usually cover these costs.

THERAPISTS evaluate your disability, assist you to increase your muscle strength and coordination and perform essential daily tasks to reach independence.

HOSPICE CARE is a program providing round-the-clock support for terminally ill patients and their families.

HOMEMAKER/HOME HEALTH AIDES do light housework, laundry, shopping and cooking - provide personal care, such as bathing and dressing - help you carry out the plan set by the nurses and therapists.

CHILD HEALTH MAINTENANCE CLINICS for children from birth to six year - immunizations, physical examinations, as well as counseling for parents.

Community services offered include:

MEAL-ON-WHEELS, hot meals delivered to shut-ins by Fitzwilliam volunteers Monday through Friday. Call Ursula Holman at 242-7986.

FRIENDLY MEALS are held Monday through Friday at Meadowood Assembly Hall at noon for senior citizens over 60. There is no charge, but donations are accepted. Reservations are needed a day in advance and can be made by calling Ursula Holman at 242-7986.

FRIENDLY BUS rides for elderly or handicapped people who do not have other means of transportation are offered between Fitzwilliam and Keene every Wednesday. Call the office of Home Health Care and Community Services at 352-8494 for arrangements. If you need transportation from your home to the bus stop and back, call a local number listed below.

BLOOD PRESSURE CLINIC Is held on the second Wednesday of every month from 2 to 4 p.m. at the Town Hall. Services are provided by Mary Williams, R.N., and the FDNA volunteers.

CHRISTMAS BASKETS and remembrances are distributed every year to needy, elderly, and lonely Fitzwilliam townspeople by FDNA volunteers and friends. In 1982 over 130 people were remembered with 75 baskets and plants. Funds are contributed through donations made by local businesses, clubs and individuals.

DENTAL CLINIC for elementary and pre-school children in Fitzwilliam. Services are provided by a hygienist of the Monadnock Dental Hygiene Association of which the FDNA is a member. Teeth are cleaned and a fluoride treatment is available at a nominal charge. The clinic is held at the Emerson School in the spring.

VISITING SHUT-INS is an ongoing responsibility of FDNA volunteers. Our 30 members-at-large live throughout the town and actively try to identify friends and neighbors who need an occasional visit and contact with others.

LENDING CLOSET. We provide free loan of medical equipment including an electric hospital bed, wheelchair, walker, commode, crutches, canes, and minor sick room supplies.

The goals of the volunteers of the Fitzwilliam District Nursing Association are to identify those in need, to link those needs with services, and to spread the word that someone does care and wants to help.

COMMITTEE REPORT ON SAM PATCH COTTAGE

A Committee consisting of Phillip Walling, Jane L. Fiske,, and Fred M. Slavic was appointed on April 28, 1982 by the Board of Selectmen, to determine if the State of New Hampshire can legally sell the Patch Cottage and barn plus two acres of land.

The Committee met several times to discuss what possible courses of action are available. A legal opinion was asked for and a determination made that the State might proceed fairly much as it deems necessary and appropriate. Normally, if there is a violation of a deed, then the prior landowner could enforce compliance. In this case, the prior landowner was the Appalachian Mountain Club.

Mr. Walling wrote to the Appalachian Mountain Club and made them aware of what the state was proposing to do, asking that they enforce the restrictions that were in the original deed of 1903. The Appalachian Mountain Club's executive director replied that he wrote to New Hampshire's state parks director on January 18, 1982 and informed him that they had no objection to the transfer of the Patch property to the town of Fitzwilliam as long as the Rhododendron Park is kept available for public use.

Mrs. Jane Fiske personally saw Governor Hugh Gallen and explained the problem to him. The governor stated that he would see that the Patch Place was not sold by the State or separated from the Rhododendron Park.

The committee met again after Governor Gallen lost the election to determine what course of action to take. The committee decided to go directly and present their case to the Society for Protection of N.H. Forests in Concord, the N.H. Sierra Club, Audubon Society in N.H. and the Harris Foundation in Hancock. These organizations will be asked to support the committee's efforts to petition the State to keep the Patch property within the framework of Rhododendron Park where it belongs and stop the practice of offering parcels of state park property for sale whenever funds are short.

PLANNING BOARD REPORT 1982

After three years of hard work, the Fitzwilliam Planning Board this year was successful in getting the Land Use Ordinance approved by the voters. It is not just exactly as each person wants it but the Board feels it is a step in the right direction. It is possible to make revisions, deletions and changes as the needs occur.

During the year, the Planning Board approved seven subdivisions, disapproved one, and referred three subdivision requests to the Board of Adjustment.

The Board wishes that abutters would take a greater interest in what is being done in their neighborhoods. The Planning Board members, although they may look at the property and walk its property lines, are not as familiar with the land and the effects of subdivision as you the abutting landowner.

The townspeople are welcome to attend any and all Planning Board meetings held the first Monday night of the month in the Town Hall from 7:30 PM on. We encourage the residents to become more involved in the processes of town growth and land development.

Respectfully submitted,
Tom McCulla, Chairman
